

Lock Stitch

Features:

- Single needle 3-thread overlock machine designed for tailors, sewing establishments and small scale garment units.
- Ideal for seaming, trimming, over edging applications on cuffs, borders, edging arm holes, serging operations and hemming of fabric by fixing hemming attachment.
- Quick change trimming cutter.
- Self locking thread tension mechanism to ensure perfect stitching even at higher speed.
- Capable of running at 2000 spm (stitches per minute).
- Metallic light gold coloured paint for better aesthetics.
- Vital components such as crank, connecting rod for needle and looper mechanism made of hardened & ground steel for longer durability.

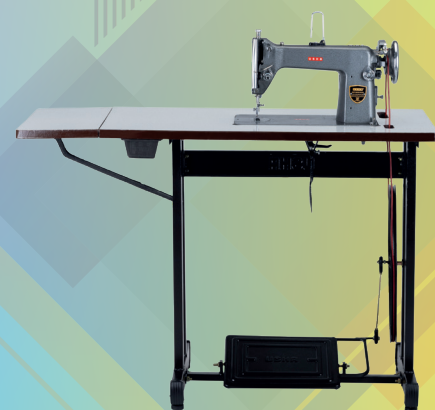

Accessories

DOMESTIC INDUSTRIAL SEWING MACHINES

SM MOTOR PRO 1/12 HP

Features:

- 2 Years Warranty
- Copper winding for better reliability & low power consumption.
- Smooth Operation with lower noise level.
- Low temperature rise improves life of motor.
- Three pin plug to have safety
- High torque universal motor, requires no capacitor
- High quality lamination having low watt. Wattage - 1/12 - 145 W.
- Double Ball Bearing
- Corrosion resistant body
- 6500- 8000 RPM for 1/12.
- World class varnishing (Dr. Beck) for better reliability.
- Low voltage start at 110 Volt.
- Ventilation fan for better cooling.

Industrial Pipe Stand

Features:

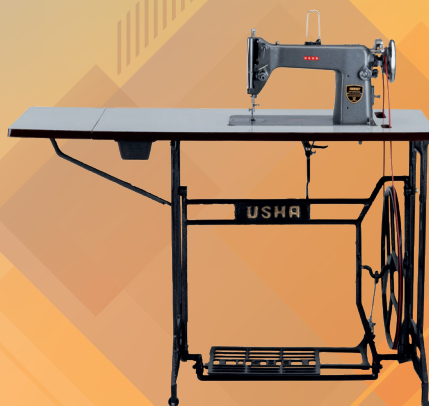

- ISI-Compliant Design for comfortable leg space and smooth operation.
- Powder-Coated Finish with surface treatment for enhanced durability and rust resistance.
- Usha Extension Rod provided for reliable support and a perfect fit.

Industrial Sheet Metal Stand

Features:

- ISI-Compliant Design for comfortable leg space and smooth operation.
- Powder-Coated Finish with surface treatment for enhanced durability and rust resistance.
- Usha Extension Rod for secure support and reliable performance.

Industrial Cast Iron Stand

Features:

- ISI-Compliant Design for comfortable leg space and smooth operation.
- Powder-Coated Finish with surface treatment for enhanced durability and rust resistance.
- Heavy-Duty Cast Iron Build (20-22 kg) for greater stability and reduced vibration.
- Usha Extension Rod for secure support and reliable performance.

Industrial Table

Features:

- Phenol-Based Laminate for a long-lasting glossy finish.
- Termite-Resistant Construction using formaldehyde-based glue.
- Water-Resistant Finish with lacquer-sealed underside for added protection.
- Large Table Size (1125 x 450 x 25 mm) provides a spacious work surface.
- Smooth Surface for effortless fabric movement.
- Reduces Vibration for stable and precise stitching.

Multi Utility Oil

Features:

- Superior Lubrication for smooth and efficient machine operation.
- Low-Viscosity Formula forms a thin protective film between moving parts.
- Non-Sticky Performance helps reduce friction and wear.

Leather Stitch Master

Features:

- A link motion heavy duty machine making for noiseless stitching.
- Ideal for stitching medium and thick fabrics like rexine, canvas, denim or leatherite.
- Fitted with critical tempered parts such as main shaft, Connecting rod, Lower Eccentric, feed fork and Link.
- Capable of running upto 1000 spm (stitches per minute).
- Two drive system: manual using foot treadle on stand/ table and motorized.
- Oscillating shuttle hook mechanism.

Magic Master

Features:

- A chain drive machine, black coloured for longer durability.
- Ideal for both straight stitch and zig zag stitching.
- Maximum stitch width - 8 mm.
- Compatible with single and twin needle operations.
- Specially designed for simple embroidery effects, picot, darning, shade work on any type of fabric such as silk, cotton, wool, rayon.
- Full rotary hook model capable of stitching upto 2000 spm (stitches per minute).
- Two drive system options- manual using foot treadle on stand/table & motorized.

Quick Stitch

Features:

- Square arm machine with metallic Honda light grey coloured paint giving it a smart look.
- It works at a speed up to 1800 spm (stitches per minute).
- Stitches fine fabrics, heavy clothes and woollens.
- Comes with an Usha branded full rotary hook
- Fitted with a knee lifter for easy operation and time saving.
- Two drive systems: manual using foot treadle on stand/ table and motorized.

Craft Master

Features:

- Round arm body, black coloured machine with a gear drive.
- Stitches fine fabrics, heavy clothes and woollens.
- Usha branded full rotary shuttle.
- Works at a speed up to 1800 spm (stitches per minute).
- Fitted with a knee lifter for easy operation and time saving.
- Two drive systems: manual using foot treadle on stand/ table and motorized.

Rotary Stitch Master

Features:

- Works at a speed up to 1800 spm (stitches per minute) to give a better output.
- To ensure seamless working, it has a full rotary hook, is compatible with special attachments that aid stitching, and is capable of working on a variety of fabrics ranging from light to heavy.
- Stitches fine fabrics, heavy clothes and woollens.
- Fitted with a knee lifter for easy operation and time saving.
- Two drive systems: manual using foot treadle on stand/ table and motorized.

Rotary Stitch Master Pro

Features:

- High speed industrial grade hook set for better stitching.
- Imported presser foot ensures better feed for heavy and multiple folds of fabric. Also suitable for step stitching.
- Improved thread tension unit for better stitch formation.
- Can stitch up to 7 mm thick of drill fabric.
- Reverse stitch lever improved for better grip for back tacking.
- Maximum sewing speed of 1800 spm (stitches per minute).
- Imported Feed Dog for better feeding of fabrics.
- Heavy duty parts - gear set, needle bar, hook rod and vertical rod - used for better durability.

Craft Master Dlx

Features:

- Square arm body with hammer tone grey coloured paint and a gear drive.
- Stitches fine fabrics, heavy clothes and woollens.
- Usha branded full rotary shuttle.
- Works at a speed up to 1800 spm (stitches per minute).
- Fitted with a knee lifter for easy operation and time saving.
- Two drive systems: manual using foot treadle on stand/ table and motorized.

Stitch Mate

Features:

- Square arm body with dark greypowder-coated finish, precision machined on CNC (Computer Numerical Control) / VMC (Vertical Machining Center).
- High-speed imported industrial-grade hook set for superior stitch quality on light to medium fabrics.
- Works at a speed of up to 1800 spm (stitches per minute) with a stitch length of 5 stitches per inch.
- Fitted with a 6 mm presser foot lift for smooth fabric handling.
- Imported take-up lever assembly with ball bearings for smooth and reliable operation.
- Imported needle bar, feed dog, presser foot and Haya bobbin case ensure consistent stitching.
- Heavy-duty parts including vertical rod, hook rod and hardened gears for reliable performance.
